Position purpose

This is a Entry level Technician position. This position provides surface preparation prior to painting and coating miscellaneous hardware in support of military and commercial tasks.

Responsibilities/Duties/Functions/Tasks

Incumbent cleans, removes rust, paint material and prepares surface finish of miscellaneous hardware; using air powered sandblasting equipment, and other means including tools such as scrapers, wire brushes, putty knives, sanders, sandpaper, air tools, and media blasters. Abrasive blasting is performed in Cabinets and Blasting Booths using many different types of media; examples include; soda, glass beads, aluminum oxide, etc. Incumbent selects appropriate abrasive media to ensure blasting will only remove the coating material without damage to the base material. Incumbent removes burring and measures hardware surface profile to ensure proper surface preparation, prior to corrosion and paint coating applications. Incumbent

maintains blast equipment; including loading media material, removing of used media and performs minor preventive maintenance on equipment.

Incumbent also performs additional tasks as assigned in the manufacture and repair of parts, assemblies, and materials. Tasks include assembly & disassembly, cleaning, performing surface preparation of materials, medial blasting, conversion coating, performing technical repair, applies masking to protect unpainted areas, mixes paint in accordance with manufactures specifications, applies Primer and Top Coat Finish, and applies stenciling of character/letters to identify information on miscellaneous items.

To perform these duties incumbent will utilize Degreaser Equipment, Media Blasting Equipment, Conversion Coating Equipment, Paint Mixing equipment, Paint Sprayers, Paint Booths, Stencil Tools, Ovens and Curing Rooms. Incumbent maintains Paint Equipment; including Mixing Equipment, Spray Gun Cleaning Cabinet, Paint Sprayers, Paint Booths and Oven, and performs preventive maintenance and minor repair on equipment and facilities.

Incumbent promotes professionalism and communicates regularly with subordinates and management in completing tasks. Communication can be written or oral, but is clear, accurate and complete.

Incumbent must have the ability to perform duties as assigned with minimal supervision or direction.

Qualifications

2 year apprentice level Vocational/Technical schooling preferred. Excellent communication and analytical skills. Work experience with various hand tools, air and power tools, i.e. sanders, drills, metal saws, rivet guns, wrenches, screwdrivers and socket sets.

Special Position Requirements

Must possess the ability to obtain and maintain a US Department of Defense Security Clearance. Position may require limited travel.

Preferences

2 Years experience with operating Abrasive Blasting Equipment.
C-7/12 Abrasive Blast Certified

Work Requirements

Safety Glasses, Hearing Protection, Protective suits and gloves may be required for certain task. Respirators required for all Painting and Blasting tasks.
Some tasks require use of a Blast Helmet
Some tasks may require lifting up to 50 lbs.
